Since 1950 The San Francisco Council of District Merchants Associations has distinguished itself by organizing the district merchants associations that are needed throughout the city, and thereby defining its mission.

Our mission is to bring this wide variety of local businesses together to protect, preserve and promote small businesses.

Our mission has never been as important and vital as it is now. Our objective is to take the strength of our past and advocate for an improved quality of life for their merchants.

And we’re doing it.

The San Francisco Council of District Merchants Associations helps define the character of our neighborhoods, strengthen our local economy and encourage people to shop local.

The Association’s goal is to make San Francisco a safe and vibrant destination for both visitors and residents feel celebrated.

The San Francisco Council of District Merchants Associations is a 501(c)(6) non-profit organization. We are a community-based group of dedicated merchants and business owners and are a part of the San Francisco community.
